

# THE CHAMPION CHRONICLE

VOLUME 11

CHAMPION, (Alberta) THURSDAY, JUNE 6, 1929

NUMBER 4

## J. T. Stephenson

Phone 7 High Class Grocer P.O. Box 209

We always carry a full line of housecleaning necessities such as:

**P & G Soaps** **Royal Crown Soaps**  
Fels Naptha Soap  
Old Dutch Cleanser  
Royal Crown Cleanser  
Household Ammonia  
Ammonia Powder  
Oxydol  
Soap Flakes  
Chlpsco etc.

**KILLS THE LARVAE . . .  
AS WELL AS THE MOTH**

**POSITIVE PROTECTION**

**NO-MOTH**

**AGAINST**

**MOTH DAMAGE**

**LEAVES NO UNPLEASANT ODOR  
ON THE CLOTHES**

**The Champion Pharmacy**  
Druggists and Chemists

## Champion Theatre

Thursday & Saturday, June 13-15

**Richard Dix in**

## 'Sporting Goods'

It's Everybody's Business to Laugh and Richard Dix has provided the means. He's just an honest golf-suit salesman trying to win an heirless and difficulties fall to cheat him of his prize. A bright farce—a villain or two—and Richard Dix as Everybody likes him.

**This Saturday Night**

## "Wild Orchids"

**Coming**

**"West of Zanzibar"**

## We Honestly Believe

**We have the Best Refrigerator in Alberta.**

Our Frigidaire Equipment is working perfectly and all our meats are being kept in perfect condition.

**THIS WEEK END**

We are again cutting two more choice Heifers fed by McDougall Bros., also Baby Beef from F. X. Beingsen.

## Champion Meat Market

## Remember Champion Celebration July 1-2

Preliminary posters announcing the celebration in Champion on July 1 and 2 have already been circulated and indicate a real program is being prepared by the R. P. O. Elks for this occasion. In addition to carnival attractions, which will be much more varied and interesting than has been previously attempted in this part of the province, the program includes a baseball tournament, stampee events, horse races, foot races and other attractions of this kind. An aeroplane will be on hand for those who would like to take a flight. While the program is not entirely completed this will be accomplished in a few days when posters will be circulated with complete information with regard to the two big days, which promise to be the biggest and best attempt. Champion has yet made at entertaining the public. Of course there will be a dance in the commodious new hall on both evenings when trippers of the light fantastic will have their fillings to the strains of the best orchestra music available. You can make no mistake in reserving July 1 and 2 for Champion. Arrangements for the comfort of guests on these two days are under way and all may rely on having a real time.

## Carmangay Wins Big Ball Game

The big baseball game between Carmangay and Lomond, played in Champion on Wednesday evening drew a splendid crowd estimated at nearly a thousand. Opposed on the mound were Slim Haynes and E. Siler, heroes of many a hard fought contest in the past. Both were going strong and for the first three innings no runs were made. In the fourth Walker of Lomond, hit a three-bagger and reached home on Siler's base hit. In their half of this inning Carmangay scored two runs and were the only scorers thereafter, the final result standing 6-1 in their favor. Costly errors in the field were the cause of Lomond's downfall.

The batteries were Haynes and Lowe, Siler and Walker; referee W. M. Isaacson.

This was the game resulting from a tie at Vulcan on May 25th when each team scored three runs and was played for a side bet of \$300. Both teams fielded strong teams for the occasion and the game was a good one despite the one-sided character of the score.

A dance in the community hall followed and the attendance taxed the capacity of the hall, the Claresholm orchestra supplying the music.

Lomond, Carmangay and Vulcan were largely represented in the big crowd that attended the game and both teams received support from the rooters.

## Women's Institute Sponsor School Clinic

At the school clinic held on May 30th and 31st sponsored by the local Women's Institute, 139 pupils were examined by Dr. Freeze. Of these 72 were in good health. About 80 per cent of the remainder had enlarged or diseased tonsils and adenoids and a small per centage were under weight. 17 pupils had defective eyesight and almost all of these received attention from Dr. McLean. Parents should understand that no dental examination was made. Dr. Heal who was unable to be present, will gladly examine pupils free of charge at his office on his regular visits to Champion.

Born—On Sunday, May 26th to Mr. and Mrs. Chal. Matlock, a daughter.

## C.G.I.T. Camp Near Macleod

The following letter to the editor explains itself.

Dear Sir:—The C. G. I. T. are holding a summer camp July 5th to 12th, and the committee in charge would greatly appreciate it, if you would make some announcement to that effect in your paper.

The camp will be held near Macleod. The registration fee is one dollar and this should be sent as early as possible to Miss Olive Young, Macleod. Five dollars covers all other expenses, and should be paid on arrival at camp. All girls are welcome and need not be C. G. I. T. members. Miss Young will supply programmes and all desired information.

Hoping you will not find it too much trouble to give our camp a real boost. And thanking you for your trouble, I am

Sincerely yours,

Velma J. Kirk.

## Miss Viva Hopkins Medallist in Class

Residents of Champion and vicinity are proud of the achievement of Miss Viva Hopkins in winning the Louise Taylor medal for general proficiency in the graduating class from the Galt hospital, Lethbridge, this year. The ceremony at the presentation was impressive in every way and the five graduating nurses were presented with beautiful bouquets by five small maidens daintily dressed. Mayor Barrowman presented the diplomas and medal to the graduating nurses.

## Ladies' Aid Will Hold Garden Party

A garden party under the auspices of the Champion Ladies' Aid will be held at the home of Mrs. G. T. Dow on Friday evening, June 14th, commencing at 7:30 p.m. Features will be a musical programme in which the Champion band will take part, while refreshments including ice cream, sandwiches, cake, tea and coffee will be served. Everybody welcome. Admission, adults 50c, children 25c.

Mrs. Geo. Taylor and Mrs. J. N. Beaubier are in Edmonton where they will represent Champion Chapter at the Eastern Star convention.

## Society Brand Clothes

**A chain is no stronger  
than its weakest link;  
a clothing store no better  
than the least of  
its values**

The values a store gives you at its various prices represent an accurate index to how good a store it is.

If the values are uniformly good at every price, you can be reasonably sure the store is deserving of your confidence.

Here at Joplings you are assured of dollar-for-dollars value day in and day out.

Cue on our suits for \$60 is better than one at \$85. That is as it should be. But you get just as much value for each dollar in the lower priced suit as in the other.

In other words, we don't give you just a fair value in a \$35 suit—a good value in a \$50 suit—and an extra good value in a \$60 suit.

Regardless of what price you pay at Joplings, you are certain of the most that your money can buy anywhere in Alberta.

## JOPLINGS

## For the Boys

**The Original**

**Mexicana Pants**

**our second shipment**

**just in.**

**Made of real strong**

**Blue Denim**

Advertisements of Wanted, Lost, Found, Strayed, etc., not exceeding one inch, 50c cents for first insertion 25 cents for each subsequent insertion.

Commercial rates on application.

THURSDAY, June 6, 1929

## NOTES AND COMMENT.

On June 1st the five cent gasoline tax imposed by the province becomes effective. Fuel for tractors, however, while it pays the tax in the first instance, is practically reduced to one cent per gallon, as the difference will be refunded to tractor owners and others where the gasoline is used on the farm and not on the roads. While in itself this tax may not be an unfair method of raising revenue particularly if the revenue derived is used for road building ultimately, it cannot be overlooked that the present government has been raising taxation in every way since it has been in power in spite of constantly increasing revenues from all sources. The average person can scarcely avoid a hope that some time it may be possible to call a halt in some lines of provincial expenditure.

A series of advertisements are being run practically all over the Dominion urging greater precaution in regard to forest fires. Only a short time ago this advertising would be useless in the prairie sections of the country but of recent years people from the prairies are visitors in increasing numbers to the timbered portions especially in the mountains and the warning is fully as applicable to tourists as to residents in the timbered area, and perhaps more so.

The recent heavy rains have completely allayed any fear which may have existed as to there being sufficient moisture for this year's crop. It is fortunate, indeed, that the bulk of the land in this vicinity seems to have the capacity of absorbing almost any amount of moisture without damage to the growing crops or more or less of the grain would have been drowned out. In this respect the long period of cloudy weather undoubtedly assisted, as the lower temperature and the absence of sunshine allowed the water to soak in and disappear very satisfactorily. While nothing was suffering previously to the rain there is a decided satisfaction in having had precipitation in quantity sufficient for a long period. Such a crop will particularly benefit from the plentiful moisture.

Gas took a jump on June 1st and immediately it started to rain and continued to rain until everyone was satisfied there was enough for all purposes. Was this providential for the farmers or the government?

Farmers will now have a chance to do some book-keeping keeping track of the gasoline used on the farm.

## NEWS NOTES

It is announced from Calgary that a five-acre site has been purchased from the city by the Anthes Foundry Co. of Toronto and Winnipeg. It is expected

that construction will be started later in the year on a factory for the production of steel pipes, radiators, boilers and other foundry special work.

During the coming summer an investigation of the mineral and other natural resources of the Coppermine River mineral reserve on the Canadian Arctic coast will be undertaken by Major L. T. Burwash, exploratory engineer of the Department of the Interior. Special attention will be paid to determining the extent and value of deposits of copper which are understood to exist in this far northern section of the Northwest Territories.

The decision to increase the capacity of the Alberta Wheat Pool Elevator No. 1 at Vancouver by 2,750,000 bushels giving it a total capacity of 5,250,000 bushels, it is announced from the head office of the Wheat Pool in Calgary. This addition will make the pool elevator the largest terminal on the Pacific Coast. The pool has two other terminals under lease at the Coast, one at Vancouver and the other at Prince Rupert and with the completion of the new building, will have a total terminal storage capacity of 8,150,000 bushels in these two ports.

A total of 27,335 cars entered the Rocky Mountain National Park through the Kananaskis gate during the year ending March 31, 1928, according to the recently issued report of the Dominion Parks Commissioner. Of this number 25,800 were Canadian cars and 1,535 were American. Waterton Lakes Park in Southern Alberta attracted 15,547 motor tourists while Buffalo and Elk Island Parks had 12,679 and 10,138 visitors respectively and Jasper Park, which is accessible as yet only by railway, had approximately 12,000 visitors.

It has come to the attention of the Department of Agriculture that certain persons have been recommending to farmers a chemical preparation for the destruction of noxious weeds, and in published statements testifying to the value of this preparation have represented themselves as being connected at the time with the Department. This creates an impression which should be corrected, and it may be pointed out that the Department accepts no responsibility for statements of this kind from unauthorized sources. Experiments have been carried out by the Field Crops Branch of the Department during the past year to determine the efficiency of the various chemical weed destroyers which are now on the market, and further intensive

est's will be conducted this year under the direct supervision of the Field Crops Commissioner. At the conclusion of these experiments an official statement of the results showing the comparative value of these chemicals will be issued, and until that time no reports as to the findings of the Department in this connection can be considered as authoritative.

Arrangements will be made this season to stock Chestermere Lake, east of Calgary, and McAlister Lake near Strathmore, with perch, it is announced by R. T. Rodd, Dominion Fisheries supervisor for Alberta. It is probable that these fish will also be introduced into Gull Lake and Clarke's Lake in the Lacombe district, the Chain Lakes near Ponoka and in other lakes in the locality of Hardisty. Mr. Rodd reports that some 50,000,000 pickerel have been hatched in the Lesser Slave Lake hatchery. Most of these will be placed in Lesser Slave Lake but stocking will also be carried on in a number of other lakes in the province.

Once a city man out of work had "hired out" to a farmer. At four o'clock in the morning, the newly employed hired man was called to breakfast. A few minutes later the old farmer was astonished to see the man walking off down the road.

"Say! Come back and eat breakfast 'fore you go to work!" he yelled after him.

"I ain't goin' to work," the man called back, "I'm going to find a place where I can stay all night."—De Laval Monthly.

Pull Your Discs with  
Three-Fuel Power

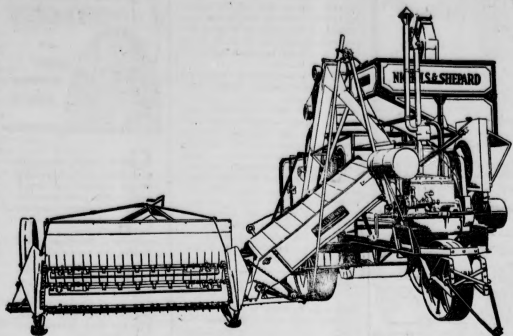

Built for tractor power, the one-way-disc pulled by a three-fuel Hart-Parr cuts to full width at any depth. You need not just skin your land, for Hart-Parr power enables you to set the plow down where it belongs and keep it there. Two and even three one-way-disc plows are common behind the larger Hart-Parrs. They pay their way. Hart-Parr is the one tractor that develops tremendous power from gasoline, kerosene or distillate. We are now showing the improved 1929 line equipped with three forward speeds to speed up hauling and field work. Hart-Parrs are built for small, medium or large farms. Come in and see them.

## The Nichols & Shepard Hart Pickup

The N. & S. Hart Pickup is the most efficient and reliable on the market. The pickup can be attached and detached from the combine and replaced by the regular header in a very few minutes, which enables a man to pick up grain with his pickup attachment during the morning and in the afternoon, when his grain has its lowest moisture content, straight combine for a few hours and then finish up the evening with pickup work with very little loss of time in changing from one to the other.

### C.P.R. Crop Report Very Favorable

Winnipeg, Man. June 8.—Moderately warm weather has brought on phenomenal growth of grain in Western Canada, according to the Canadian Pacific weekly crop report issued this morning. Seeding operations are practically completed, except where farmers have consistently held back to catch some growth of wild oats before sowing coarse grains. In Southern Alberta with favorable weather rapid progress has been made with seeding, a great many farmers operating their tractor outfits day and night by use of headlights. Sprout-

ing and good growth are reported from practically all portions of the three provinces, and grain is showing a healthy stand and color, although in many portions of the west higher temperatures are needed. Wind storms have caused some damage through blowing soil, noticeably in Regina and Moose Jaw districts of Saskatchewan, but areas affected are making good recovery due to subsequent rains. Outcrops have been reported from one or two points but so far activities of this pest are limited. Pastures are coming on quickly with moisture and warmth and are now providing greatly improved feeding conditions for livestock.

Coarse grain seeding is now prac-

tically completed in Manitoba except where farmers have been waiting for the wild oats to show up. It is considered that the crop is now away to a good start, no damage so far reported from outcrops, but warm weather is needed.

Some damage to young crops is reported from Saskatchewan, but wheat and other early-grown grains are showing generally good stand and making good growth. Winter rye is looking better and grass is coming along nicely. Alberta crops are nearly all planted, and most of the wheat is up, in some districts as high as six inches. Warmer weather is now required. Spring has been

somewhat unfavorable for destruction of weeds. An increased acreage of alfalfa, sweet clover and other pasture crops is reported. Livestock are in good condition in Peace River country. Crop conditions continue favorable with uniformly good growth.

## Don't grope in the dark

Many do their buying as though they were blindfolded—"I'll try this" or "I think this will do." These have only the vaguest ideas of what they want as they spend large slices of the family income. Others read the advertisements regularly and buy with their eyes open. They know what they want before they go to buy.

Advertisements are beams of light on merchandise. They reveal to you the latest and best products and improvements of the manufacturers and merchants.

Advertisements are a record of progress. They are interesting and instructive news of the business world. They light the way to better buying. Read advertisements regularly and live better at less cost.

Advertisements help you to spend your money wisely

## The Charter of Anglo-Saxon Liberties

When King John, of England, placed his seal upon that historic document Magna Charta, on June 15, 1215, the date went into history as that of the "greatest of all events in the political development of modern freedom."

Nearly 700 years after the signing of the Great Charter of Liberty, a movement which has its inception in the United States gave birth to the International Magna Charta Day Association, with headquarters at St. Paul, Minn. The main objective of this organization is to have June 15 of each year observed as "Magna Charta Day" or "Inter-Dependence Day," in all the English-speaking nations of the world.

Observance of the day and of the charter which is the common heritage of these English-speaking nations is urged by the Association as an expression of the recognition of the common tie that binds these nations and the common debt they owe to those responsible for the Great Charter which is the foundation of modern ideals of liberty. The Association urges observance of the day also as a means of cementing the friendship and promoting mutual understanding between these nations which, speaking the same language, and having the same ideals, are acknowledged to be the greatest friends extant for permanent world peace. Magna Charta provides that basis of unity for these nations and common sentiment. Its significance, an epoch-making incident in their common history concerning which, no clash of opinion is possible. One American commentator says: "The yearly observance of Magna Charta Day not only helps to keep vibrant this Anglo-Saxon International Good Will but it serves to set out in sharp relief a wholesome example to the whole world."

The alternative title, "Inter-Dependence Day" itself is an acknowledgment that American ideals of freedom have the same fundamental basis as those of the British Nations, including Canada, and it is interesting to note that since the Association first was organized, the Day is observed annually in the United States, Canada, Newfoundland, the British Isles, Australia, New Zealand and South Africa. That is, the nations which trace their roots back to the historic Magna Charta. The day was first observed in England, long in remembrance of the freedom it has conferred upon all. Says J. W. Hamilton, Founder-Secretary of the Association: "More and more it has become the Inter-Dependence Day of the English-speaking countries, as men have come to understand the Inter-racial kindness its recognition implies."

The thought is American-born, a gesture of deference to the acknowledged fount of freedom, and a tender of goodwill to other English-speaking lands of the earth.

The Day is not observed as a legal holiday, but as one of remembrance. Teachers in the public schools, wherever the Day is observed, emphasize the significance of Magna Charta to their pupils, and explain its significance in the lives of all residents of English-speaking countries. In many places, too, it is supplemented by setting aside the nearest Sunday to June 15, as "Magna Charta Sunday" on which, by pupil reference of Sunday School lesson the goodwill which is the central feature of the observance of the Day is given prominence. It might as well be the basis of a valuable lesson in British history for the untold millions of Canadians, and for that reason it is interesting to note that Canada as a nation has endorsed the idea of Magna Charta Day.

Briefly stated, Magna Charta established trial by jury, restrained the Crown from using harsh and arbitrary methods of raising money, virtually placed control of taxation in the hands of the people, gave protection to railroads and widows, established uniform weights and measures, limited fines and protected merchants, established the law of evidence, and, generally, assured the rights and freedom of the subject. These are the most important features of that charter which occupies so conspicuous a place in history and which established the supremacy of the law of England as the controlling power in the world.

The 39th article of the charter which is the basis of jury trial, declares "no man shall be taken, or imprisoned, or outlawed, or banished except by the lawful judgment of his peers." Another short article is significant of the desire for justice for all. It reads: "To no one will we sell, let no one will we refuse or delay right or justice."

### Marble From the North

Northern Manitoba, Stone To Be Used On Office Building In Montreal

Native marble, quarried in Northern Manitoba, along the Hudson Bay Railway, may soon replace marble from Italy. "Manville," as the Canadian product is called, is being used extensively in the construction of the new head office building of the Sun Life Assurance Company, Montreal. Shipments were recently sent from The Pas by the Canadian National Railways. The northern marble is of fine texture, hard but not unduly so, and can take a beautiful polish and a sharp arris.

## FLU Germs Breed In the Throat.

First: Appear As A Common Cold, But Gain Tremendous Headway In Six Hours

### SOME SIMPLE PRECAUTIONS AGAINST INFLUENZA

Simple precautions taken now will enable you to fight dread "flu" which is sweeping rapidly through the whole country. The germs of influenza gain access to the body through the mouth and throat. Keep the throat healthy and you go a long way towards stopping the trouble. An effective means of prevention is to gargle the throat three or four times daily with Nevilline. Half a teaspoonful of Nevilline in water makes a most efficient gargle. The germ-killing properties of Nevilline quickly destroy any bacteria in the mouth or throat. If the chest is sore, if the throat is hoarse, if you have a cough—be sure to rub the neck and chest with Nevilline. Every drop of it will rub in, and out will come the congestion.

Of course it is absolutely necessary to house-clean the system with Dr. Hamilton's Pills which stimulate the eliminating organs, and rid the system of disease-breeding germs. This combination treatment of Nevilline and Dr. Hamilton's Pills will give prompt and entirely satisfactory results.

### Telephones In Canada

Domestic Is Served By 2,403 Separate Systems

There are 2,402 telephone systems in Canada. Five of these are government-owned, Alberta having two, and Ontario, Manitoba and Saskatchewan one each. Municipal systems number 138, of which 122 are in Ontario. There are 496 private company systems, mainly in Ontario and Quebec. There are 1,532 co-operative, of which 1,180 are in Saskatchewan. In addition, there are 169 private and 102 partnership systems. The number of telephone installed totaled 1,250,987, when a recent compilation was made, the estimated number of conversations made in one year to totalled 2,108,400,000, including 31,400,000 long distance calls.

### ST. VITUS DANCE

A Disease Of The Nerves Which Must Be Treated Through the Blood

St. Vitus dance is a disease of the nerves brought on by a morbid condition of the blood. It is a common disease with children, but sometimes attacks adults. It is characterized by this trouble to be successful in restoring the blood, because rich, red blood is the life food of the nerves. In this way Dr. Williams' Pink Pills have proved successful in even the most severe forms of this trouble, because they enrich the blood supply, thus carrying the necessary food to the nerves. In proof of the value of Dr. Williams' Pink Pills as a cure of this kind we have the statement of Dr. J. M. Williams, of St. Vitus, who says: "My eldest girl, at the age of nine years, was afflicted with the attack of whooping cough which left her very weak, and finally developed into a severe attack of St. Vitus dance. She was under a doctor's care, with no beneficial results. We also tried other treatment, but with no better results. To make matters worse she was taken down with measles. Again the doctor was called, but she became weaker, and her limbs so tremble that we had to take her about in a little wagon. I thought of giving her some of my pills, but I was afraid to do so, as she might get her, so we sent her by mail to Dr. Williams' Pink Pills, a total of 100 pills. Within a few days she was as well as usual, and as soon as she came home her strength was gone again. I took her to another doctor, but with no better results. I was distracted to see how helpless she was. I decided to give Dr. Williams' Pink Pills a trial. I got six boxes, and they did what neither doctors nor other remedies had even started to do. She is now as well as usual. The St. Vitus dance disappeared, she has no sign of weakness and can run and play with the other girls, a thing that she could not do for about eighteen months. She walks to and from school, a distance of about a mile, and is in course of proof of her present good health. I have written to Dr. Williams' Pink Pills for, and always recommend them in all cases of weakness. You can get these pills from any medicine dealer or by mail at 50c a box. Write to Dr. Williams' Medicine Co., Brockville, Ont."

**Motion Pictures Of Northern Scenes**  
Arriving at The Pas, Captain Charles Sutton, pilot and party have completed a short movie of the northern scene which took them into the northern wilds, far beyond Fort Churchill. The pictures of the northern scene and of the Indians of the Eskimos, were taken. This was the main objective of the journey.

**Attacked By Asthma.** The first fearful sensation is of suffocation, which hour by hour becomes more desperate and hopeless. To such a case the relief afforded by Dr. D. Kellogg's Asthma Remedy seems nothing less than miraculous. To help is quickly apparent and soon the dreadful attack is mastered. The asthmatic who has found out the dependability of this sterling remedy will never be without it. It is sold everywhere.

### Prize For Canada

The Chicago Tribune says: "Canada is a land of agriculture and minerals and of fish and forests. Wheat crops in the west no longer have the heavy burdens of the present. Canada will expand again. It is a great potentiality, and as long as rain falls and the black earth of the glaciers land where men wish to live."

### What Acreage

It is estimated that nearly 25,000,000 acres will be sown to wheat in Canada this year. Last year we had 24,114,846 acres sown to wheat, and the total production was 53,571,000 bushels, an average of 22.1 bushels per acre.

### Columbia Ice Fields

The melting waters from the Columbia ice-fields in Jasper National Park feed the sources of three of the largest and most historic rivers, the Canadian West—the Athabasca, the Saskatchewan, and the Columbia, which flow into three oceans.

Uniform Prize Ribbons  
Uniformity in Color Is Agreed Upon For Fairs and Exhibitions

The Canadian National Exhibition, Toronto, has informed the Canadian Association of Exhibitions that it is willing to co-operate with the association's suggestions for uniformity of color in prize ribbon awards throughout Canada.

Hereafter at all fairs and exhibitions under the jurisdiction of the association first prize will be denoted by red, second by blue, third by white, fourth by yellow, fifth by green, and sixth by pink. Sweepstakes winners will be awarded the red, white and blue combination and the grand champions red and blue.

Much confusion has resulted in past years at fairs and exhibitions by the failure to adopt a standard system of colors with regard to awards.

**Sore Corns Drop Off If You Use "Putnam's"**

When you notice any sign of callus on the feet or toes—that's the time to put on a few drops of PUTNAM'S CORN EXTRACTOR. No matter if the corn is hard or soft, Let it be on top or between the toes, Putnam's will remove it without pain. Insist on PUTNAM'S CORN EXTRACTOR. It does work and roots out the corn, quickly and without pain.

**Faith and Works Inseparable**  
"There is an unhappy division that has been made between faith and works. Though in my intellect I may divide them, just as in the candle I know there is both light and heat, but yet put out the candle, and they are both gone; one remains not without the other. So 'tis betwixt faith and works."

**Waterloo Lakes Famous For Trout**  
Excellent fishing may be enjoyed in the National Parks of Canada, especially in the Waterloo Lakes Park, Alberta, which is famous for its trout. Specimens of trout weighing as much as fifty pounds have been taken from Waterloo Lakes.

**Always Ready and Reliable.**  
Practically all pains and aches, inflammation can be removed with Dr. Thomas' Electric Oil. Simply rub it on the sore spot and it is quickly absorbed by the skin. Its healing power is conveyed to the inflamed tissue which is quickly soothed. This oil remedy is also a specific for all manner of cuts, scratches, bruises and sprains. Keep a bottle handy always.

**Settlers For Alberta**  
Quite a few new settlers from the United States have arrived in the Tulley, Alta., district during the past two weeks and several families have also come into the Brooks area to take up farms in the Rainier district. The details in all cases are being arranged through the Canadian Pacific's Department of Natural Resources.

**Use Minard's for the rub down.**  
One advantage of the flier over the airplane is that when the flier's engine stops, so does the flier.

### Good Friend To Trappers

Radio Makes Life In Northern Wilds Less Lonely

The trapper's life in the wilds of northern and central British Columbia is not the lonely existence it used to be, for the radio is keeping the isolated cabin homes of these forest nomads closely in touch with the world's activities.

The radio has been a wonderful boon to the Canadian trapper, and only the lowliest of them have not equipped themselves with radio sets. Indeed, owing to the distance to be covered and the various technical difficulties to be overcome to obtain satisfactory reception, most of them have bought powerful sets. No longer does the trapper find that nights are made for sleep alone. After following the trapper all day the modern trapper spends the evenings in his cabin smoking his pipe and listening to the news of the day and the orchestra broadcasts from hundreds of miles away.

## COLORFUL SCENES AT ELECTIONS IN GREAT BRITAIN

London, England.—Hundreds of thousands of Londoners kept watch the small hours of the morning as the fatal figures shifted on hundreds of tally screens and electric signs.

In Piccadilly Circus, Trafalgar Square and other famous centres of London, the jostling crowds took on a carnival appearance. Vendors of vari-colored toy balloons elbowed their way through the throngs, while male celebrants waited along the pavements masquerading in women's coats and hats.

Top of the buses were crowded with people out to see the spectacle and apparently careless of the fact that they were not saving anyone in the tremendous traffic. Michlachs, Lower Regent Street by midnight was jammed with buses deep deep. It was estimated at least 50,000 persons had packed into Trafalgar Square, where a huge stereoscopic electric heralds was mounted.

Party partisans even decorated the huge lions at the foot of Nelson's monument with their colors, but the police cleared them away.

In night clubs, restaurants and hotels throughout the fashionable city, thousands of Londoners in society folk danced the hours away to the early morning, while the election returns by radio broke to the music.

Premier Baldwin spent the evening more quietly at Number 10 Downing Street, his official residence, with Mrs. Baldwin and a party of friends. He listened to the returns over the radio.

## His Majesty Suffers Relapse

Public Is Worried Over News Regarding Condition of King George.

London, England.—Somewhat as nursing news as to the condition of King George, who was learned to be again confined to bed and suffering from an attack of fever, was obtained from Windsor Castle.

The shock caused by the news that His Majesty had suffered a relapse, was two-fold. This came first from its unexpectedness, since most of his subjects thought their ruler normally convalescent, and second, from the gravity of the King's malady. Empress is considered a dangerous disease, particularly apt to strike a sudden mortal blow.

Very few persons knew that His Majesty had suffered a relapse. The fact was not public in London, and the voting in the general elections had distracted and absorbed the attention of every one in England.

## American Boat Seized

Another Fishing Tractor Is Held By Authorities At Pacific Port.

Prince Rupert, B.C.—The United States salmon trawler "Mary C. Fisher" has been brought into port here by the Canadian patrol boat Rivalds after seizure off Tye Hill, Graham Island, for violation of Canadian fishing regulations.

Captain A. A. Fillan, of the salmon trawler, claims he went to Tye Hill to make repairs as allowed under international agreement.

The seizure of the "Mary C. Fisher" follows a number of other seizures of U.S. salmon trawlers recently. It is claimed that the boats are using Canadian waters for fishing under the guise of entering the waters for shelter, effecting repairs, or other valid reasons.

## Speeding Up Construction

Saskatoon, Sask.—Every effort will be made to have the McLeod Aberdeen branch of the Canadian National Railways completed this fall. W. A. Kingsland, general manager of Western Lines, said when he passed through the city on his way to Kesteven. He stated grain would be hauled over the line this year even if it were necessary to use skeleton tracks for small distances.

## Fire Destroys Lumber Mill

New Westminster, B.C.—Fire of unknown origin destroyed the planing mill plant of the Brunette Lumber Company at Brunette, B.C., last night, with an estimated loss of \$100,000.

## Estimates Approved

Ottawa.—After a somewhat tedious passage, all estimates of the department of transportation have been finally approved by the supply committee of the House of Commons.

## To Conduct Prosecution

Prince Rupert, B.C.—E. F. Jones of this city, has received instruction from Ottawa to conduct in Vancouver the prosecution of the four United States salmon trawlers seized recently at Goose Harbor.

## Sewer Gas Explosion Causes Much Damage

One Person Believed Fatally Injured When Blast Rocks Ottawa

Ottawa.—Explosion of sewer gas from parts of the city caused probably fatal injuries to one and hurt a number of others, at the same time destroying considerable property where the blasts were most severe.

There was panic in several sections when the bombing of the explosion, accompanied by leaping pillars of flame and water, shock shavings and rattled the windows of houses and office buildings. Women and children ran screaming from their homes.

In the streets, man-hole covers were thrown into the air a height of 50 or 60 feet. Confusion reigned. Fire alarms brought apparatus to scout fires, and patrol where there was likelihood of any outbreak.

St. Martin's Reformed Episcopal Church, built in 1872, and a landmark in the Sandy Hill district, was churned into wreckage as though it had been blasted by high explosives. Several stories in its vicinity were also destroyed, but persons in these latter buildings were not badly hurt.

## Grain Buyers Organize

Will Function Along Lines Recommended By Grain Enquiry

Saskatoon, Sask.—Grain buyers of Western Canada have an organization under formation which will be known as the Grain Buyers' Service Bureau. It was announced here, "it will be a body of representative committees consisting of a number of active buyers in the West. The organization will function along the lines recommended by the Royal Grain Enquiry during the sittings in Saskatchewan last winter and is aimed to raise the standard of grain buyers considerably during the next few years.

An employment bureau will be handled in connection with the organization to assist its members in securing employment. At present the organization has a large membership in Northern Saskatchewan, and by fall a 100 per cent. membership in Western Canada is expected. Further particulars of the body are under preparation and are expected to be completed within a few days.

## Saskatchewan Men In Marathon Swim

Two Have Entered Names In Fourth

Saskatoon, Sask.—Saskatchewan will be entered in the fourth Wrigley swim marathon to be held in conjunction with the British Empire Games on August 28. Saskatchewan's entry in this world-famous event will be Jack Smyth, of 211 1/2 inch, who has already forwarded his entry to the officials at Toronto. Prince Albert will be represented in the same event by H. J. Smith, of 211 1/2 inch, and Broughton will train a Prince Albert National Park. They intend establishing training quarters there at once.

## Want Chair Of Music

Saskatoon.—A discussion regarding the desirability of a chair of music at the various provincial universities, was an outstanding item of the Inter-Provincial Musical Festival Conference, held here. The conference, which was attended by officers and delegates from the associations of the four western provinces, expressed the hope that the authorities concerned would take early action.

## Will Remain In Force

Victoria.—British Columbia's tax on non-resident paying export taxes, declared ultra vires by Chief Justice Aulay Macdonald, of the Supreme Court, will remain in force until the judgment has been appealed by the provincial government, as a result of arrangements reached between the province and the Dominion government. It was announced.

## Board Of Conciliation

Ottawa.—A board of conciliation under the Industrial Disputes Investigation Act has been established by Prime Minister Bennett, minister of labor, to deal with a dispute between the Canadian National Railways and its firemen and engine men, members of the Brotherhood of Locomotive Firemen and Engineers.

## To Conduct Prosecution

Prince Rupert, B.C.—E. F. Jones of this city, has received instruction from Ottawa to conduct in Vancouver the prosecution of the four United States salmon trawlers seized recently at Goose Harbor.

## Working For World Peace

Saskatchewan Will Hold Provincial Conference On June 28, At Saskatoon

Saskatoon.—With a dominion peace conference as objective, provincial conferences are being organized. Saskatchewan joining in the movement by arranging a gathering at the University of Saskatchewan, on June 28. This was decided at a meeting called by Mrs. H. Johnston, president of the United Farm Women of Saskatchewan, and attended by representatives from all organizations in the province working for world peace. The date was chosen to accommodate the large number who will be in Saskatoon for rural women's conventions covering not only the province but the whole of the Dominion, represented in the Women's Institutes.

## AGREEMENT IS REACHED ON REPARATIONS

Paris.—The German experts and their creditors came to an agreement on revised reparation annuities as proposed by Chairman Owen D. Young.

This annuities average 2,600,000, 800 gold marks (about 140,000,000 marks) for thirty-seven years; 1,700,000,000 marks (\$108,000,000) for twenty-one years, and 900,000,000 marks (216,000,000) for the final year.

Under the agreement as concluded, these annuities will run from September next, instead of from April 1 last, as originally calculated. The Daves plan of payments will meanwhile continue in force.

The situation was explained by Thos. W. Lamont, United States representative, as follows: "Both creditor and German experts have heretofore developed their views to accept the annuity debt of 2,600,000,000 marks as suggested by the chairman, although a difference existed on the question of interpretation."

"This difference has now been removed and a common basis for interpretation acceptable to both the creditors and to Germany has been found, subject, however, to agreement on the outstanding questions which still remain for discussion and settlement."

It was further explained this agreement was not a victory, for both Germans and creditors gave way to make it possible.

The general opinion of the experts was that a most important step had been taken toward final elimination of the Great War. There was no disposition to cry victory because there remained a number of knotty points among German conditions and allied reservations, any one of which if not satisfactorily disposed of might make final agreement impossible.

## Salmon Treaty Approved

Committee Evenly Divided and Chairman Voted In Favor

Ottawa.—On the casting vote of the chairman, William Duff, Liberal, Antigonish-Guyabro, the marine and fisheries committee of the House of Commons approved the Canadian-United States sockeye salmon fisheries treaty. The convention was signed at Washington on March 27 last.

When the division was called, ten members of the committee voted against the pact and ten in favor, with the vote a tie. Mr. Duff, as chairman, then voted for the treaty.

## Casualty List Heavy

Manitoba.—The death toll in the typhoon in Southern Leyte province was reported at 112 as communication with that section was re-established. First reports of the storm received here gave the number of deaths as ten. Some of the victims in the typhoon area still were isolated when the casualty list was completed.

## The Bull Dog Breed

Foot squarishly planted on the deck of a Canada-bound liner, this young Britisher squarely shifts a left shoulder at the photographer. Member of an agricultural family coming forward under the auspices of the Department of Colonization and Development, he looks forward to a romping, healthy life in Canada—thanks to the Askey scheme.

## WILL PILOT GIANT DIRIGIBLE

Major G. H. Scott, chosen by the British government to pilot the great R-100 on its maiden voyage to Canada.

## A Reciprocal Visit

Australians Invite Canadian Boys To Visit.

Victoria.—"We are leaving Canada with the hope that a reciprocal visit to Australia will be arranged for Canadian boys," Major John J. Simons, leader of the Young Australia League, stated prior to embarking on the liner "Aorangi" homeward bound.

"We have had a wonderful tour, and its success has greatly exceeded our expectations," he added.

The aim of the League in fostering these tours, Major Simons said, was to create better understanding between the English-speaking peoples of the world, and in this, he thought, the League had been in a large measure successful.

## Capital Invested In Canada

Canadians Own Over Half Of Securities In Dominion

Ottawa.—Canadians own from 55 per cent. to 65 per cent. in the majority of all enterprises located on Canadian soil. British investment in Canada at the beginning of 1928 was two-thirds that of United States investments in this country, or \$2,090,000,000 as compared with \$3,258,000,000.

The total British and foreign investment in Canada at the time noted was \$2,745,000,000, of which a balance of \$245,740,000 coming from alien countries other than the United States.

## APPEAL IN TAX CASE IS WON BY WHEAT POOL

Ottawa.—Judgment was given by the exchequer court in favor of the Saskatchewan Wheat Producers, Limited, in their appeal from the assessments in the years 1925 and 1926, by the minister of national revenue, at \$151,415 and \$202,458 respectively.

These amounts represented deductions set aside for elevator and commercial reserves, and for operating expenses.

Mr. Justice Audette held that the deductions were merely temporary loans made by the farmers in the pool and were not gains or profits within the meaning of the act.

The judgment says in part: "The deductions are no much less of the price, the proceeds of the farmers' grain, which he leaves, by agreement, in the hands of such associations for the purposes of handling his grain to his best advantage."

Under all circumstances of the case, I find that the deductions in question are but temporary loans and advances made by the farmer out of the price of his grain to the pool capital for carrying on and acquiring elevators—the value there of being added to him as he has having been his own all through under the true meaning of the provincial act and the contract made thereunder, and that the association acting in such industry capacity for the grain growers, accounts for the fact that it receives, and retains nothing that amounts to gain or profit."

## Amended Bill Is Passed By Committee

Would Make Divorce Much Easier For Deserted Wives

Ottawa.—An amendment to the bill respecting the domicile of married women, although opposed by a large section of the house, passed when Parliament went into committee to consider the bill. The amendment makes it possible for a woman, deserted by her husband and left living alone for two years, to establish her domicile in any province of Canada where a divorce court exists for the purpose of obtaining divorce.

The bill, as amended, passed the committee stage and now stands for third reading. The amendment was passed by a vote of 30 to 28.

During the debate, Hon. Ernest Lapointe, minister of justice, declared that conditions in Canada would be worse than in Reno if the bill as amended became law. In Reno, a person desired to obtain a divorce was required to wait three months before taking proceedings. Under the bill before the house, such persons could go to a province where a divorce court existed and begin proceedings immediately.

Hon. R. B. Bennett, Conservative leader, pointed out that a woman wishing to obtain a divorce must establish her domicile to the satisfaction of the court.

## Slaughter Of Tribesmen

2,000 Arabs Reported To Have Been Slain In Tribal Fight

London.—A Jerusalem dispatch to the Express says desert rumors brought to Beyrout word that 2,000 Arabs were slain at Elzahr, Nejd, in a battle between Afghans and Jews with tribes.

The fight was attributed to a breach of desert hospitality.

The case of a Jewish visit and was entertained by the sheik of Elzahr, but no sooner had he left the seat of his host than he was attacked.

The Afghans tribesmen promptly retaliated and in the following campaign the chiefs and a thousand tribesmen on each side were reported to have been killed.

## Many Press Delegates Going To Conference

Canada Is Sending Twenty To Empire Next Year

Montreal.—J. H. Woods, managing editor of the Calgary Herald, and chairman of the Canadian Division of the British Empire Press Union, accompanied by his wife, sailed from this port en route to London, England, where he will make arrangements for the Canadian contingent of press delegates to the Imperial Press Conference next year.

"Canada will be sending 20 delegates to represent the 60 members of the Union in Canada," said Mr. Woods. "This is the largest representation of any part of the Empire with the exception of the British Isles."

## To Cross Continent In Buggy

Stockbridge, Mass.—Russell Beckwith has no use for automobiles, no use for motor cars, no use for horse and buggy that will eventually take him to British Columbia. Mr. Beckwith has leased his farm here and leaves to visit a brother in Connecticut. He also will go to Pennsylvania for a visit before heading for British Columbia.

## Five Italian Flyers Killed

Rome.—The crew of five of a military bombing plane were killed when it crashed into Monte Orsini near Corniglio, while on a night fight. The dead were two lieutenants, two lieutenants, and a soldier mechanic. A sudden violent storm had come up while they were flying over the Apennine mountains.

## Rebels Kill Ambassador

Constantinople.—An authoritative information has reached Ankara from Afghanistan, stating that Afghan rebels captured and killed Afghan Deputy Bey, Afghan ambassador to Constantinople, and a brother-in-law of King Amanullah to aid in the fight against the rebels. The report said that Gubani was tortured to death.

## Unemployed In Britain

London.—The number of unemployed in Great Britain on May 13 reached 1,184,700 persons, a decrease of 28,000 under the previous week. It was officially announced here. The number of unemployed figures of May 13, 1928.

## Y.M.C.A. Convention

Toronto.—Many eastern delegates will attend the National Young Women's Christian Association convention at this city, which opens June 10. Many delegates will go from Montreal and Toronto.

## CHAMPION CHATTER

VOL. 2

Thursday, June 6, 1929

No. 16

Published in the interests of the People of Chambrion and Farmers of this vicinity.  
GEO. L. DUPUE, Editor.

## EDITORIAL

## A Miss Better

There is a better way to kill the mites in the hen house than spraying sulphur. Mix half and half, kerosene and old crank-case oil, then add about 10 per cent good sheep dip. Spray this mixture into all cracks, corners, joints, nests, and roosts, and you'll get rid of your henhouse mites in a hurry.

When a machine breaks down in the field, especially if it be seedling time or harvest, it is imperative that it be repaired at once. We are here to help you at such times and will drop everything to get you going again. Quick service in emergencies is worth a great deal more than it costs.

"Good Equipment Makes a Good Farmer Better."

Subscriber—Is this the toll operator?

Telephone girl—Yes sir, Sub.—Then toll, will you? My line's dead.

Mr. Frierson told us a good story the other day so we are going to pass it along. This fellow took a very thin girl to the circus.

He bought her some red lemons, and then made the remark that she looked like a thermometer.

If the roofs of your buildings (or any one of them) is of sheet steel or galvanized iron, you can make them practically immune from lightning damage by merely installing at each corner a regular lightning rod of copper wire, thus grounding the entire roof.

We have the details now of the 1929 crawler. This machine has some wonderful improvements on it and can be used with a

power take off as well as horse power.

Another disadvantage of being so fat that people say could play both clubs in "Chin Chin" is that you seem to be poating when you are dignified.

If you haven't taken in the Chautauqua programme to date you have certainly missed a treat. Entertainment of the character of this year's programs are worthy of any committee's support.

Don't break your back and heart by using an old fashioned hoe. We have Mc-Dee scuffers for that job.

## LOCAL AND GENERAL

Champion Elks Sports and Carnival—July 1 and 2.

Born—At Milliken's nursing home on Sunday, June 2nd, to Mr. and Mrs. James Groves, a son.

Born—At the home of Mrs. Stangie on Sunday, May 26th, to Mr. and Mrs. Howard Smith Jr., a son.

Mrs. Ted Davis, of Spokane, is expected here shortly on a visit to her old home. She is now at Macleod where Mr. Davis' parents reside.

K. R. McLean R.O. of Anderson & McLean, Sight Specialists, 208 8th Ave. West, Calgary, will make his monthly visit to Chambrion Thursday, June 27th. At the Drug Store.

After visiting Calgary, Banff, Red Deer, Hot Springs and taking in the circle tour G. F. and H. E. Smith returned home on Tuesday. The former's health was vastly improved by the holiday.

Mr. and Mrs. A. Hopkins, Mr. and Mrs. O. Hagg and E. E. Hopkins attended the graduation exercises from Chambrion.

Found—Firestone tire, size 440-21 and rim. Owner call at Chronicle office.

Everything is looking well since the last rainfall and prospects for another big crop are unusually bright.

The Women's Institute will meet at the home of Mrs. O. Sommers, Chambrion, on Tuesday next, June 11th, instead of at Mrs. Wise's as previously announced.

Miss Ethel Cowell was hostess on Wednesday in Lethbridge, at a dainty cup and saucer shower in honor of Miss Peggy Connor, whose marriage takes place in June.

Mrs. E. Coe and Mrs. W. Harris wish to thank the Alton Women's Institute, the Champion B. P. O. E. and Mr. and Mrs. J. M. Pharis for flowers sent during their illness.

Mr. and Mrs. McKibbin and Miss Kathleen Watkins motored from Carbon on Sunday and after some very trying experiences on the way are visiting at the home of W. E. Watkins.

Chas. Matlock, for the Southern Alberta Co-operative Association shipped nine cars of hogs from Chambrion during the month of May, relatively amounting to 800 hogs. Present prospects would indicate that June will furnish an equal number of hogs for shipment.

The service in the United Church on Sunday evening, June 9th is being arranged by the C. G. I. T. groups with their leaders and the pastor as a Mother and Daughter service. All mothers of the community are urged to plan for the attendance of their daughters in their own company. C. G. I. T. girls will contribute appropriate features of the service. Everyone is heartily invited.

Carl Stroud, who has been in charge of the Calgary Power Co.'s plant since its installation here has been transferred to High River and his place here will be taken by Mr. Eastman, late of High River. Carl was a courteous and efficient official and will be missed by all with whom he came in contact in the discharge of his duties. All will wish him luck in his new location.

The officers of the Alberta Women's Institute elected at the close of the convention held at Edmonton during the past week are as follows: Provincial President—Mrs. H. J. Montgomerie, Wetaskiwin; Vice President—Mrs. A. H. Rodgers, Fort Saskatchewan; Secretary-Treasurer—Mrs. J. N. Beauchamp, Chambrion; Provincial District Directors—Mrs. W. R. Roberts, Sexsmith; Mr. W. C. Short, Woodbend; Mrs. J. P. Ferguson.

CAMPBELL'S

## Massey-Harris

Just Arrived—A car of Drills, Discs, Plows and Cultivators.

The Massey-Harris is Canada's most popular all steel Drill.

The Tractor Plows are the heaviest built on the market, the beams weighing 60 lbs. more than any other make.

## Chal. Matlock, Agen.

## Card of Thanks

Herbert Willies wishes to thank all friends for kind inquiries during his recent sickness, especially those who rendered help, also Elks for flowers.

## Card of Thanks

Mr. and Mrs. A. Bringessner wish to thank the friends who sent flowers and other presents during the latter's illness.

"The dealer made you pay more than this car is worth," commented the candid friend.  
"I know it," answered Mr. Cumrox. "I'm selling him a piece of property and I want to convey the impression that I am guileless and easy."

## Careless Auntie

Suspicious Husband—Who called this afternoon?  
His Better Half—Only Aunt Sophie.  
Suspicious Husband—Well, she left her pipe.

Chautauqua Draws  
Big Crowds

On Tuesday it was feared the roads were in such bad condition that the attendance at Chautauqua would suffer seriously, but the people were not to be denied and the hall was filled to the doors to hear "The Patsy," portrayed by the Martin-Erwin players, and those who risked the roads to attend were more than repaid. Following sessions have found the interest in the programs unabated, and this should be one of the most successful seasons Chautauqua has had in the ten years it has been here. The sessions have been held in the community hall and the splendid auditorium has been duly appreciated by visitors from far and near.
